First job, as a web-designer

European Commission

Redesigning a 1000 page intranet in 3 months and training the team to use it

European Parliament

With EMakina, a portal for democracy

First live presentation on TV

Internet Phone (Skype precursor)

IBM, TOSHIBA sponsoring

Mobile computing sponsorship

SKILLS

Java

Javascript

Python

C

VOLUNTEERING

Elements of AI - Beta Tester

University of Helsinki, Computer Science

2019 - Ongoing

Online collaboration and optimization for the popular free MOOC's second part, EOAI part 2

User experience lead

Nirvanet archives

04/2020 - Ongoing

Electronic music arrangement programming

STRENGTHS

★ Computer Admin - Dev - Maintenance

Mac OS / Windows / Linux - through classes at Technofutur TIC training centre: Object-oriented Architecture : Java + Python + Corba + UML. LAMP; Design patterns, Web Services, VB.Net, XML/XLT, JSP
Network : TCP/IP, Linux + Windows Server administration
List of training certificates on demand.

★ Web design

Through consequent practice since 1995, and constant adaptation to a changing environment. Desktop Publishing: Adobe Photoshop, Illustrator, Gimp, Inkscape; Animation/Video: Premiere, After Effects, Flash, Final Cut; 3D Modelling: Maya
SAE School of Video processing certification on demand.

★ Entrepreneurship

Apr 2018 - present - Pre-Seed Ajinomatrix startup, CEO / Tsahal - digitization of the senses of taste and smell, software for the food industry. Founder Institute Awardee "The Machine"
EntrepreneurDNA profile

PROJECTS

Global VAIO GT-1 camera hybrid laptop prototype support

📅 2003 - 2007 📍 Global

Maintaining a global support for the Sony prototype after discontinued

- Promoting lightweight and custom XP installation
- Drivers and install software archive
